

2016 IMS Summer School: Los Alamos Science Capabilities

The IMS Summer School focuses on Science Capabilities at Los Alamos National Laboratory and is designed to expose our visitors to the broad range of great science performed at the Lab. Through the course of **seven talks** and **four site visits**, students will have a unique opportunity to learn about LANL directly from our **top scientists** and participate in facility tours. The *Annual Ice Cream Social* on June 22 will be an opportunity to meet and socialize.

All talks and tours start at 2:00 PM *
** unless otherwise noted*

Registration for tours with Student Programs is required
